NINTH AVENUE HIGH SCHOOL

Hendersonville, North Carolina

## Foreword

It is our hope, when in future years you turn through the pages of this volume, that it will effectively serve its purpose of helping you to recall the pleasant memories and friendships formed at Ninth Avenue School.

For us, the Seniors, this being the last record of our high school experiences, the 1962 edition of "The Tiger" has a special meaning.

# Dedication

Because they have given their time, energy, and hearts to students; because they always have a winning smile and a kind word for students; and because they have helped to make all our years at Ninth Avenue happy ones, we, the Senior Class of 1962, dedicate this edition of "The Tiger" to Mrs. H. L. Edwards, and Mr. Claude Hostler.

Mrs. H. L. Edwards

## Editor's Message

In the preparation of this annual, we have attempted to present the lives of the students at Ninth Avenue School in the form of a story through pictures, which represents the unfolding of our Senior year. You see, life itself tells a story, which if not recorded by some means will soon be forgotten. Every picture, every life tells a story. Thanks, to the members of the Senior Class for helping me to express our story.

Luretta Cunningham

## Objects

To promote the welfare of children and youth in home, school, church, and community. To raise the standards of home life. To secure adequate laws for the care and protection of children and youth.

To bring into closer relation the home and the school, that parents

and teachers may cooperate intelligently in the training of the child. To develop between educators and the general public such united efforts as will secure for every child the highest advantages in physical, mental, social, and spiritual education.

## For GENERAL ELECTRIC

— now at Outdoor Lighting Headquarters

**Women High School Graduates** who want to serve industry in a rewarding, highly creative fashion should consider the career opportunities in the executive secretarial science field which additional years of study may provide.

General Electric's Outdoor Lighting headquarters operation at Hendersonville, and other industries in Western North Carolina, have an unmet need for truly executive type secretaries.

Outstanding skills in shorthand and typing are basic foundations. But additional "arts" in secretarial science — learned and acquired — are necessary for those who are seriously career-minded. Basic skills, aptitude, good grooming, initiative, grace and charm, along with the "common sense" facility for relieving her manager of much detail . . . these are the requirements for the type secretary General Electric and others are seeking.

**For Both Men and Women** — indeed, General Electric is looking for people who are prepared for the wide variety of assignments available in the electrical industry. Opportunities are open

from time to time for machine operators, assemblers, skilled maintenance men, tool and die makers, design engineers, secretaries, laboratory technicians, accountants, sales engineers, marketing research experts, draftsmen, process engineers and others.

If you would like to explore the possibilities of a career in the rapidly growing electrical industry — leading to assignments in Hendersonville or elsewhere with General Electric — the Employment Specialist in Employee Relations will be glad to talk with you. Call him for an appointment at OXford 2-1431.

Before applying, of course, you will want to consider very carefully your qualifications and willingness to invest your best efforts. General Electric job opportunities represent some of the finest available. Thus, the Department is looking for persons with exceptional qualifications in terms of education, experience, aptitude, and willingness to work. All candidates must have completed high school *with a good record*; and of course many positions require additional years of education and experience.

*All qualified applicants will receive consideration for employment without regard to race, creed, color or national origin.*

*Progress Is Our Most Important Product*
